

Peter Andrew
Managing Director

Peter is the Managing Director of DEGW Asia and is based in Singapore. Peter's principal role is to build a network of support for DEGW's global clients across the region.

Peter has over 20 years experience in commercial architecture and is an expert in design strategy, strategic briefing, tenant research, building appraisal, space planning and space budgeting with practical experience working with clients throughout Asia, Australia and New Zealand.

Peter is passionate about helping clients embrace and deliver change in their organisations. He teaches for the professional development programme of CoreNet Global and regularly speaks at public events.
